DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 39, 43- 45, 47, 50, 51, 53, 54 and 58-61 are rejected under 35

U.S.C. 102(b) as being anticipated by Sortwell.

In regard to claims 39, 43, 47, 50, 53, 54, 58, 60 and 61, the Sortwell reference positions a “collapsible bag” 22 of a “bag assembly” (i.e., bag, tube, valve) within a “chamber” (defined by the area that holds bag 22) of a “bin” 20, the bag assembly further comprising a “fluid line” 53 or “port” having a “first end” 50 fluid coupled with the “bag” 22 and an opposing “second end” 57; passing a section of the fluid line through a “slot” 69 or “porthole” 51 formed on the bin such that the second end of the fluid line is disposed outside of the chamber (Figure 2), as claimed. Further, the “slot” 69 extends from a “doorway” (defined by one of the open sides of bin 20).

In regard to claim 44, the bag is capable of being filled through the bottom or top.

In regard to claims 45 and 51, the bag is suspended by straps 52 as seen in Figures 4 and 5.

In regard to claim 59, see column 4, lines 7-10. Further, It has been held that to be entitled to weight in method claims, the recited structure limitations therein must

Art Unit: 3751

affect the method in a manipulative sense, and not to amount to the mere claiming of a use of a particular structure. Ex parte Pfeiffer, 1962 C.D. 408 (1961).

Allowable Subject Matter

Claims 40-42, 46, 48, 49, 52, 55, 56, 57 and 62 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 39-57 have been considered but are moot in view of the new ground(s) of rejection.
